The image shows a screenshot of a Joomla! Administration interface in a web browser. The browser's address bar shows three tabs: 'CICCP - Administration', 'cambio organizativo en C', and 'Joomla! - View topic - Bes'. The Joomla! Administration page has a dark header with the Joomla! logo and the word 'Administration'. Below the header is a navigation menu with 'Site', 'Content', 'Components', and 'Help'. To the right of the menu, there are site statistics: 'J!Cache enabled', '8 Visitors', '4 Admins', '0', 'View Site', and 'Log out'. Below the navigation menu is a large empty rectangular area. Underneath that is another navigation menu with 'Control Panel', 'Categories', 'Events', 'Registrations', 'Newsletter', 'Themes', and 'Info'. Below this menu is another empty rectangular area. At the bottom of the page, it says 'Joomla! 2.5.9' and 'Joomla! is free software released under the GNU General Public License.' The Windows taskbar is visible at the bottom of the screen, showing various application icons and the system tray with the date '04/10/2013' and time '10:44'.
